Helton Industries and APICS

Helton team members have had a long association with APICS – the Association for Operations Management.

Our people regularly attend the Fraser Valley region Professional Development Meetings. We continue to host on-site training sessions for the APICS program, and we hosted an APICS tour which was very well received by attendees from various organizations.

Helton Industries was recognized as Corporate Member of the Year in 2011 by the APICS Fraser Valley organization for our contributions to the Fraser Valley chapter. Our association with APICS provides access to training and development programs for our personnel, exposure to innovative management methods, and excellent networking opportunities.

This is just one example of how Helton Industries strives for continuous improvement in our never-ending goal to provide the best customer service and products for the Overhead Garage Door Industry.
