

## Other Products

**H**elton manufactures custom and proprietary hardware for many Sectional Door Manufacturers. We have extensive Design and Engineering capabilities. Our in-house Tool and Die facility is capable of handling advanced projects quickly and efficiently.

If you have a custom part in mind, or wish to modify an existing part for your application, Helton would be happy to assist.

Below are custom or proprietary parts we currently manufacture:

- Custom Stiles
- Custom Hinges
- Custom Struts
- Custom Bottom Angles
- Custom Bottom Fixtures
- Custom Spring Anchor Brackets and End Bearing Plates
- Modified hole patterns in common parts
- Custom Window and Insert Designs
- Custom Rollformed Shapes
